

## Michelle Susan Hurley

October 30, 1952 - March 28, 2017

On March 28, 2017 Michelle Hurley was blessed to return home to our heavenly father. He was in need of a bright smiling angel and knew she was the one. Michelle's smile was infectious and it will light up heaven like no other. Michelle was born on October 30, 1952 to Jacqueline and Michael Schicht in San Diego, CA. She met her son Derek at heaven's gate but will continue to watch over her husband of 31 years Patrick Hurley, her children, Alisa, Paige and Michael., her grandchildren, Alexis, Destiny, Kaleb, Leighton, Tristan, Isaiah, and Emery.

Michelle loved nothing more than spending time with her sisters Linda and Cindy, going to Laughlin with her "partner in crime" Vicki, drinking margaritas, dancing and listening to music. She leaves behind many beloved nieces and nephews, aunts uncles and cousins who she cherished. Michelle was the life in all of us and will continue to be. We will miss her deeply.

“ I am so sorry to hear about Michelle, she was my friend for years. I moved to Chicago area and returned to Arizona and asked my daughter to go online to find her. I was upset when I found out. I'm in Lake Havasu and 8 months have passed. I wish Alisa or Pat someone would call me. Please it's Gail

“ My mom, my best friend, the strongest, most amazing woman I will ever know.... I miss you so much. I cannot thank you enough for so many great memories in my life - from letting me as a child play dress up in your clothes, endless beach days, to all the fun years we worked together at DiLeones, desert family trips, unforgettable San Felipe trips, our Mothers Day Laughlin trips, hours of talks on the phone. I will cherish all of them! Thank you for being my mom! You showed me love, grace, compassion, happiness, and respect! You always accepted everyone you met -the minute you met them - as if you knew them forever! You made everyone feel welcomed and loved. The world deserved you here much longer. I only hope I can continue your legacy and be just a small fraction of the great person you were here on Earth! I know you are in Heaven smiling bright and are beyond happy with Derek. I know you watch over us now, until its our time and you will be there to greet us to reconnect our family chain in heaven. I am so thankful for our amazing family and friends who have given so much support in donations, prayers, and love!! It just truly shows how incredible of a person my mother was! She will be truly missed forever. I love you mom....always and forever!

“ My Aunty Michelle... Though I grew up thousands of miles away from most of the family, my Aunt Michelle was the relative I looked forward to visiting the most. Her ability to make people laugh and feel comfortable was astounding. Years could have gone by since the last visit but I still felt like I could tell her all the details of my life. Her energy was contagious and she was always the life of the party! I'm so thankful for the last few years that I've been in Vegas and was able to spend more time with her and all of the Family that lives in Arizona. One of my favorite memories of my aunty is when she came out to visit us in Oregon and she came to watch one of my college basketball games. After the game, she kept telling me how exciting it was to watch me play and that she had a blast cheering me on. I bet she was one of the loudest in the stands that night. She will be so missed, but with that she was so very loved. I'm thankful that she is in peace now, having some beers with Derek and Grandma and Grandpa. I love you all, if we can do anything for you, please let us know.

“ Michelle was my closest and dearest friend. We began our friendship as neighbors in El Cajon. We had a lot of fun times together that I will never forget...We watched all of our kids grow up. I will miss her thoughtfulness for other people. When she moved away from the neighborhood, I knew we would stay close to each other. We would meet her and Pat in Laughlin as you know, she loved to gamble. Then when I moved to Arizona, I loved the thought of us only being a hour away from each other. We would spend time by the pool or we would come to their house and talk our heads off..I am already missing her so much. We always told each other that we loved each other when we would say goodbye. My thoughts and prayers go to Pat and all the Family. But I know Michelle is happy and Michelle, I will see you on the other side!!! Love you Kiddo, Doreen & Dan

“ I will always remember our San Felipe endeavors! Drinking margaritas by the pool and corona's by the campfire! One afternoon I decided it would be a smart idea to ride the three wheeler on the beach, tipsy, and somehow ran over my own leg! She cleaned me right up and nursed me back to health, beachside style! Working at Dileone's was ALWAYS a great time especially if Vito was in a good mood! I love you guys and will praying for your strength and peace.

“ I know I am still fairly new to the family but I want you guys to know that I loved your mom. I felt like I have been part of your guy's family for a lot longer than I actually have. From the very first moment that I met Michelle, her and your dad welcomed me like no other. As did Linda and Rick. It was like she had known me forever. I was telling Sheena not too long ago that I wish I would have met her sooner so that I could have spent more time with you guys and her. I will remember driving out there and having cold Coors light with your mom. I will remember us going to Palacios with her and having a great time. I, too, am glad that she is no longer in pain. I just wanted to write on here and leave my condolences. Most of all, I wanted you guys to know that your mom was a special loving person and it did not take long at all for someone that was a complete stranger (me) to feel her love. I am so glad that Jackson was able to meet her even though he may not remember her. I will miss Aunt Michelle dearly, as will my family. I wasn't able to make many memories with your mom but I will definitely hold onto the ones we have.

We Love You Guys,

Kendal, Sheena, Noelle, Jackson

“ For those of you who knew my mom, you already know how she was able to light up any room she entered; her infectious smile, blonde hair and contagious laugh were just a few of her attributes.

I am so blessed to have had her in my life the past 30 years. She was able to attend my wedding and be there for my daughters birth before she became ill. It makes me sad knowing she will only be there in spirit for my other life events. I am though happy knowing she is no longer in pain and smiling down on us all. She was one of the strongest ladies I have enter met and she told cancer who was boss.

Thank you everyone for your cards, flowers, and kind words through this difficult time. We are so blessed to have so much support.

Cheers to my mom who would have wanted us to be happy instead of sad. We love you and will miss you forever and ever.
